

# Study plan

## Incoming exchange students

Each exchange student that is accepted for an exchange at the Conservatorium van Amsterdam (CvA) will receive a tailor-made programme for their exchange.

The information in this document can help you prepare '*My study plan*' in the online application form and if accepted for the exchange, the *Digital Learning Agreement*.

### Application Stage

At the application stage, you need to prepare a preliminary study plan and choose from an overview of generic subjects per study programme. These courses are part of the standard curriculum for an exchange student at CvA (30 ECTS for one semester & 60 ECTS for the academic year). You can find an overview in Appendix A.

In the online application form in [Mobility Online](#), we ask you to fill in a preliminary study plan with the courses you wish to take during your exchange period at Conservatorium van Amsterdam ('*My study plan*').

At the end of '*My study plan*', you can also describe your specific wishes (such as mandatory courses) in your own words.

### Accepted exchange students

Upon acceptance, you will receive more information about the various courses and electives that you can register for.

At the start of the exchange, you will have a meeting with our study advisor to select courses and develop your study programme. You can then also make your *Digital Learning Agreement* in Mobility Online.

## Appendix A

Below you will find preliminary lesson overview for one semester per study programme and department.

*Important: Participation in certain courses is subject to availability of places and the annual planning e.g., some courses are only offered during one semester.*

For more detailed information on our BA and MA programmes and specific courses you can look at <https://www.conservatoriumvanamsterdam.nl/en/study/studying-at-the-cva/study-guides/>

## Classical Music Department

### Bachelor

Course Code	Course name	Course Credits (ECTS)
